

The 5th ISEE Symposium

Toward the Future of Space-Earth Environmental Research

Hybrid (in-person & online) conference

Date: November 15 (Tue) –17 (Thu), 2022

On-site: Sakata-Hirata Hall, Nagoya University
(Higashiyama campus, Nagoya, Japan)

<https://www.isee.nagoya-u.ac.jp/symposium05/>

This symposium aims to share space–Earth environmental research's present status and prospects through interdisciplinary discussion from various aspects. The symposium covers topics on space–Earth sciences and new approaches to multidisciplinary collaboration, including the discussion also for the capacity building of young scientists.
